

2020 Report on Giving

Baby bonanza!

Thanks to generous donor support, our hospital welcomed **4,486** babies into the world, including four sets of twins in 32 hours!

During an unprecedented year, you and 11,966 other donors gave a total of **\$103 million** to Lucile Packard Children's Hospital Stanford and the child and maternal health programs at the Stanford University School of Medicine. Your invaluable support helped protect patients and advance research through the pandemic. **Thank you!**

751 babies received care in our NICU.

Virtual Summer Scamper-ers raised more than **\$370,000**.

1,429 patients expressed their feelings about the pandemic through art therapy.

We were named a **top 10** children's hospital by U.S. News & World Report.

Music therapists provided **4,474** sessions.

148 children and their families participated in our Pediatric Weight Control Program.

3,904 patients participated in shows aired by the Broadcast Studio.

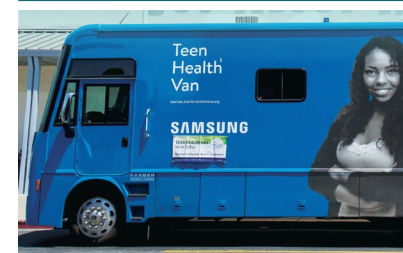

Care-A-Van for Kids drove **396** patients to medical appointments.

40% of our patients benefited from financial assistance.

Chaplains made **10,231** bedside visits to provide comfort.

1,285 individuals received care from our Teen Van.

2 new germ-zapping robots were deployed in our hospital thanks to donor support.
